

## Dr. Brent J. Smith

Smith Cosmetic Surgery  
Centennial, Colorado

### ASK DR. SMITH

#### WHAT ABOUT YOUR EXPERIENCE SETS YOU APART?

I limit my practice to the face and neck and have performed more than 10,000 facial cosmetic procedures. I have also been featured twice in *People* magazine and was chosen as Denver's "Extreme Makeover" facial plastic surgeon.

#### HOW DOES YOUR STAFF CONTRIBUTE TO THE CARE YOU PROVIDE?

My staff and I develop ongoing patient relationships through multiple preoperative meetings. We work hard to establish a supportive environment.

#### WHAT FASCINATES YOU MOST ABOUT THE HUMAN FACE?

You'd think that with several billion people in the world, you'd get a great deal of patients with the same aesthetic concerns, but everyone is different.

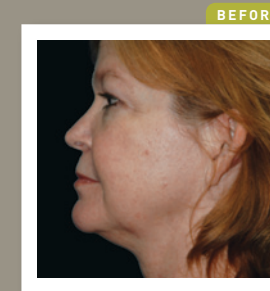

#### WHAT IS UNIQUE ABOUT YOUR APPROACH?

All of my procedures are performed under local anesthesia. No general anesthesia is required.

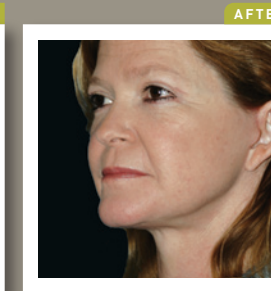

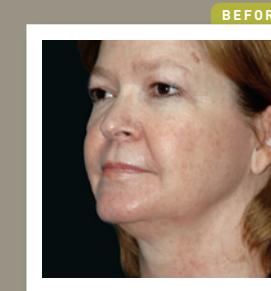

### Leading-edge lasers

When wielding a laser, Dr. Smith relies on decades of experience, translating his refined know-how into beautiful, individualized results. "I have done a great deal of facial rejuvenation with lasers," says Dr. Smith, who has been using them since 1993. "The lasers can be used on any part of the face. I use them to rejuvenate and restore a youthful look to the skin." He has taught his facelift and eyelid procedures, which incorporate the use of lasers, to doctors from around the world. Dr. Smith's use of lasers helps bring about the more youthful skin that his patients request, whether they are looking to smooth wrinkles caused by the environment or time, erase scars, lighten birthmarks, eliminate discoloration or remove unwanted hair, noninvasively. "For those patients who are squeamish about going under the knife, these noninvasive laser procedures offer an alternate route to a refreshed face," says Dr. Smith.

### REVEALING A MORE YOUTHFUL APPEARANCE

Dr. Smith can combine several procedures to achieve a harmonious new look, while maintaining a patient's individuality and delivering a natural and rejuvenated appearance. This 50-year-old patient was unhappy with her hooded eyelids, sagging cheeks and neck and uneven skin tone. "After undergoing a cheek and neck mini-lift, upper and lower eyelid blepharoplasty and fractional CO2 laser resurfacing, she appears refreshed without an 'operated look,'" Dr. Smith says.

“the individuality of the human face fascinates me”

DR. BRENT J. SMITH KNOWS THAT REJUVENATING THE FACE CAN DO WONDERS TO A PERSON'S APPEARANCE. "MY GOAL IS TO HAVE PEOPLE LOOK LIKE THEMSELVES, JUST BETTER, WITHOUT AN OPERATED LOOK," SAYS THE DEDICATED, VETERAN FACIAL PLASTIC SURGEON. WITH 20 YEARS OF EXPERIENCE, DR. SMITH PERFORMS PROCEDURES SUCH AS RHINOPLASTY, FACELIFTS, FACIAL IMPLANTS AND LASER TREATMENTS WITH THE SAME PERFECTIONIST CARE THAT HE GIVES TO EVERY OTHER TASK IN LIFE.

#### ABOUT DR. SMITH

##### HOW DO YOU START EACH DAY?

I pray by name for the patients I will be seeing that day.

##### WHAT IS YOUR FAVORITE PART OF YOUR JOB?

The hugs and smiles I get from patients after surgery are very rewarding.

##### WHAT LIFESTYLE CHANGE COULD MOST BENEFIT OUR HEALTH?

Use sunscreen and avoid smoking to preserve the skin.

##### HOW WOULD YOU LIKE TO BE REMEMBERED?

I'd like to be remembered as a man of integrity and excellence.
